EMPATHY

is understanding and connecting to other people's feelings

Empathy Full People

Family Challenge:

As a family, create your own poster showing different emotions. For Example: you could use emojis to represent different emotions and label them. Hang your poster in a central location. Each day, designate a time that your student will do an emotion check-in and tap the feeling they felt the most that day. This builds your student's emotional vocabulary and gives you insight into how they are feeling. Understanding other people's feelings can help us grow in Empathy.
